EX-T ROLL-UP BANNER

1 Fold the pole out and flip it over until it locks into position.

2 Unroll the image completely.

3 Hook the top bar onto the pole.

4 Open the clips and extend the telescopic pole to the desired height. Close clips to lock in place.

5 Slide the image out the base.

1 Slide the new image into the base.

2 Slide the new image into the top bar and close the black stopper.

CHANGING THE IMAGE

The Ex-T is a non-mechanised roll-up banner perfect for indoor branding requirements. The attached telescopic pole and a unique fold-away system means there are no loose parts! The image is easily interchangeable offering increased value for money.
